Sub: Advisory regarding non-sharing of office Broadband service connection over WiFi - reg.

1. It has come to the notice of this office that in few of the circles, some office service Broadband connections are being shared over WiFi.
2. In this regard, it is intimated that sharing of BB connection over WiFi may raise security related issues in case of unauthorized internet access over WiFi and it is very difficult to identify the concerned person if details asked by security agencies.
3. In case of any unauthorized access, the concerned official in whose name the BB user ID is working shall be held responsible for any security related issues by security agencies.
4. It is therefore requested to advise all such officials (in whose name office service BB connection is working) to strictly avoid sharing of official BB service connection over WiFi and change the password immediately.
5. The compliance to these instructions to be submitted by 30th September 2014.
6. This has the approval of competent authority.
