Director (Enterprise)

D.O. No. 5-149A/2011-EB I/29

Dated June 3rd, 2013

Dear Shri ,

BSNL has provided around 7000 VPNoBB connections to NADRS (National Animal Disease Reporting System). Payment of these connections is being received centrally by NTR. NIC has been complaining that BSNL is generating local bills of these circuits and on non- payment of the bills, the VPNoBB are being disconnected. The local bills are being generated due to wrong configuration of NADRS plan by field units.

NTR has been continuously pursuing with field units to avoid wrong configuration in the field and correct the same if already configured wrongly so that local bills are not generated resulting in automatic disconnections by CDR.

It is pertinent to mention that NIC is one of the esteemed customers of BSNL which takes care of connectivity of various Central and State Govt. NADRS is one of such departments which has been provided connectivity through VPNoBB.

CMD BSNL will be having meeting with Secretary (IT) in this week regarding NADRS issues. Kindly ensure that none of the VPNoBB provided to NADRS is disconnected due to non-payment issues and the connections are working satisfactory as BSNL is receiving centralised payment of these connections. Necessary support may be taken from ITPC/NOC in this regard.

Report regarding satisfactory working of VPNoBB connections of NADRS may positively be sent to Sr. GM (EB-I), BSNL CO by 5th June, 2013 on his mail srcgmeb1co@gmail.com or FAX 011-23708121.

With Best Wishes,

Yours Sincerely,

(A.N. RAI)

To,
Chief General Manager ,
All Telecom Circles/ Districts,
BSNL.
