No. BSNLCO-TRG/26(11)/2/2021-TRAINING
Dated: 15.09.2022

Sub:- Video training clips developed by employees.

As part of Mission Karmayogi, we intend to keep an organised library of video training clips developed by our employees for various services offered by BSNL. It has come to our knowledge that some of our employees have been very creative and are developing video training clips from quite some time. These video clips can be very helpful and useful for other employees as well as our partners. Also, if the video training clips quality is good, we can upload on iGOT portal for use by all employees and other Government departments.

In this regard, Circles may request employees to provide their contributions to BSNL as per below details

1. Circle may send quality training video clips to videotrainings@bsnl.co.in giving details of employee/employees who have made the video (Name, HR number, current station, Circle and mobile number) along with content of the training.
2. The content, if found suitable by Content Quality Assurance Team at training centre, it shall be uploaded on BSNL training portal for benefit of all employees and partners (wherever required).
3. If the training content is of iGOT quality, the same shall be uploaded on iGOT. Our training teams can also guide on making an iGOT quality training module and its subsequent upload on iGOT

All CGMs/Circle Head are requested to bring it to the notice of employees working under their respective jurisdiction and encourage them to come forward and become knowledge partners for BSNL. Further, suitable support should also be extended to such employees in preparation of vide training clips based on content, relevance and quality.

(P.K. PURWAR)
