

No. BSNLCO-40(11)/1/2020-Elect Works

Dated: 11.12.2023

To,

The CGMT(s)  
Rajasthan/Maharashtra/Haryana/UP(E)/UP(W)  
Gujarat/Tamilnadu/Karnataka/Andhra Pradesh/Telangana

**Sub: Selection of Project Developers for setting up of Grid-Connected Rooftop Solar PV Projects on BSNL Buildings under RESCO mode through competitive tariff bidding**

**Ref:** 1. Acceptance letter No. EE(E)/BSNL/ED-II/ND/22-23/339 dtd. 07.11.23  
2. Acceptance letter No. EE(E)/BSNL/ED-II/ND/22-23/340 dtd. 07.11.23  
3. Acceptance letter No. EE(E)/BSNL/ED-II/ND/22-23/341 dtd. 07.11.23

Dear Sir(s),

Referring to the acceptance letter mentioned under reference above for Rooftop Solar PV under the RESCO model, it is understood that site visits and a feasibility study must be conducted as of now.

In this regard, it is intimate you the following points while conducting the feasibility study:

1. The capacity of Solar PV in the RESCO model for this tender is for the capacity of Solar PV from 20kWp to 100kWp only. Accordingly, the rooftop of the required space should only be inspected for installation.
2. The Rooftop space suitable for Solar PV capacity of more than 100kWp is earmarked for vendors selected by the SECI for implementation.

Therefore, the rooftop space available in any building for installation of Solar Capacity under this tender must not be selected for more than 100kWp. Clear instructions must be given to all the selected Solar PV developers for the same.
